## GH20 Remploy Classroom Chairs

As well as being very comfortable and durable the GH range is very well proportioned. At just 450mm as a total width on the larger sizes it is perfect for any environment where space is at a premium and it manages this without sacrificing comfort for the user. In a classroom this means that 2 adult height GH20 chairs will easily fit under an 1100mm desk and in an assembly hall the width saving of around 20mm over standard offerings really makes a difference as to possible sitting numbers when multiplied over hundreds of chairs.

## River Stones

New improved design of the original River Stones. River Stones can now be stacked so that they are practical to store. Stepping stones to better coordination, balance and fun. The River Stones are inspired by stepping stones in a river with each side of the triangle varying in steepness and difficulty. The purpose is to jump from stone to stone without touching the floor - you can vary the position of the stones to create more challenging paths for children. Each stone has a rubber rim on the base which prevent them from slipping, and also protect indoor floor areas. Provides challenging, active, imaginative fun. Builds children's confidence when jumping, judging distances, co-ordinating and balancing.

## River Stones

Included:

Suggestions for games.

Set of 6 Stones in 6 colours:

3 big stones: 360x360x360 mm - H: 85mm

## Floor Surfer

The Floor Surfer appeals to children and combines play and the training of motor skills. The Floor Surfer has been developed in partnership with children's physiotherapists to ensure safe use by any child irrespective of motor skills level. It combines function, safety and design. The raised front part of the Floor Surfer supports the coccyx when the child is sitting and the sternum when child is lying down. The Floor Surfer is slightly tapered at the front to give increased freedom of movement for the child's arms and the wheels are screened to minimise the risk of running over the child's fingers. Quality wheels with double ball bearings and non-smudging wheels in clear PU. The narrow sides act as handles where the child's hands are protected by the protruding corners. Made of plastic with inserts of EVA foam to give the Floor Surfer an attractive surface.

## Build 'n' Balance Courses

Exciting and challenging balancing system. The elements can be combined in countless ways to use a child's imagination and set up all the balance courses and landscapes they can build. With the great flexibility of Build'n'Balance, the level of difficulty can be varied to suit the development levels of the children and can be built at heights ranging from 10 to 24 cm - depending on how brave the children are! The basic set includes elements for building a whole balance course. The basic set includes 2 Tops (yellow), 3 Tops (red) and 5 Planks. To create your very own course (or to add to the basic set) just order extra planks, tops - red or yellow, and platforms as required.

## Mini Stilts

Unique stilts especially developed for younger children. The hard rubber handles provide a good grip that can be adapted to the height of the child. Depending on how brave the child is, the child can adjust the height of the stilts using the loose plateaus (from 3 cm to 15 cm). Even children are able to easily and safely mount or remove the plateaux. The handles allow an older child or an adult to help younger children who have not yet mastered the stilts on their own. Made of nylon base with sole and handle of artificial rubber. The four plateaux are made of plastic. Max load: 100kg

## Baby Trampoline

On this trampoline, very small children can practise trampoline jumping. The canvas is tensioned such that even small children will experience a springing effect which they would be too light to feel on ordinary trampolines. The spring sheet is only 12 cm above the floor. The rubber cover gives protection against the metal frame and the supporting handles are covered with foam to protect face and teeth. The construction is a solid design which combines simplicity and function.

# Terms & Conditions

## Purchase Orders:

Please ensure that all purchase orders include the correct product description, code and finish required.

## Cancellations and Amendments to Orders:

All your furniture is made to order, any cancellation or amendment to ordered items will only be accepted only if previously agreed with Early Years Educational in writing. Any item which includes upholstery is NON RETURNABLE. If you have placed an order more than 48 hours ago and wish to cancel, an administration charge may be payable. If your goods have been shipped or manufactured and we have incurred delivery/manufacturing expenses we have no option but to charge delivery, return costs and re-stocking fee. The amount charged will depend upon the type and size of goods. Goods must be returned at your own expense.

## Delivery:

All prices quoted are based on delivery to the nearest undercover point, some products may include installation. Our standard lead time is 3/4 working weeks from receipt of order although some items may be available on our 7/10 working day express delivery service (please check prior to ordering). Delivery dates quoted are approximate only and Early Years Educational shall not be liable for any delay in delivery of goods which is beyond reasonable control. Deliveries are direct to your requested delivery destination via our allocated third party transport. All goods must be checked and signed for at the time of delivery. Failure to report shortages/damages at the time of delivery could jeopardise our ability to obtain replacements or repair. Once a delivery has been signed for no claim for shortages will be accepted, however any damaged products must be reported in writing within 2 working days. You should always satisfy yourself that deliveries are correct before signing for goods.

The company accepts no responsibility for third party shipment/collection. This being that goods shipped direct to our customers for onward shipment to a third party, will cease to be the responsibility of the Company for the purpose of the Damaged or Non-Damaged goods returns policy. These items will then become the subject of responsibility between the customer and their couriers. All goods received damaged should be refused and not signed for. Signing for the goods is seen as indication to the courier companies that the goods have been received in an undamaged state. Deliveries should ALWAYS be checked BEFORE goods are signed for. No claims will be accepted in the event of damaged goods being received and signed for. The words "unexamined", "unchecked" or similar will not be accepted as a conditional signature.

## Failed or Rejected Deliveries:

We reserve the right to charge transport costs and storage for any aborted delivery by the customer.

## Warranties:

All our products are manufactured to the highest quality, the vast majority in a hi-tech facility in the United Kingdom. As such, we are able to offer you a genuine warranty on all our products. Please contact our customer service team for further information on individual products. All products are warranted against manufacturing defects, except for all moving parts (mechanisms, castors, drawers) and seating upholstery which are subject to usage related wear and tear. Early Years Educational reserves the right not to apply the warranty in cases of inappropriate use or when the product has been tampered with by a third party or interventions by non-authorised personnel.

## Prices:

All prices quoted are in GBP

All prices shown exclude VAT. For orders made from the UK VAT is added at the appropriate rate.
